

Hostel at the Government College Tumkur

328 G. S. SHIVA ANJAPPA (Bellavi)--Will the Minister for Education be pleased to state.—

(a) when was the hostel building situated behind the Government College, Tumkur constructed;

(b) when was the work of the said hostel completed, the total amount spent for construction which department has spent the said amount and why the hostel is not running now?

SRI G. B. SHANKAR RAO (Minister for Education)—

(a) During January 1977.

(b) The work of the said hostel was completed during January 1977. The total amount spent for construction is Rs. 10.60 lakhs. The Department of Collegiate Education has spent the said amount and due to lack of boarders the hostel could not function during 1977-78 and during the academic year (1978-79) the hostel was running with 61 boarders.

ಶ್ರೀ ಜಿ. ಎಸ್. ಶಿವನಂಜಪ್ಪ.—ಸ್ವಾಮಿ ನಾನು ಈ ವಿಚಾರದಲ್ಲಿ ಉಪಪ್ರಶ್ನೆಯನ್ನು ಕೇಳುವ ಅವಶ್ಯಕತೆ ಇಲ್ಲ. Immediately after my question, the Director of Collegiate Education has solved the problems by providing the hostel facilities to the Harijan students. I congratulate the Director of Collegiate Education and also the Government.

Irrigation works in Kollegal and Hanur Constituency

385 SRI G. RAJU GOWDA (Hanur) Will the Minister for Transport and Minor Irrigation be pleased to state.—

(a) whether the Government had taken a policy decision during 1976-77 itself to implement Minor Irrigation Scheme in each area after conducting thorough survey if so, the reasons for not taking action so far in this regard;

(b) whether Government intend to bring out a Handbook pertaining to the feasibility of implementing the Minor Irrigation and Lift Irrigation projects in Hanur area of Kollegal Taluk after conducting extensive survey of that area;

(c) reason for not implementing the Minor Irrigation Schemes in Hanur area where there is abundant scope for the same;

(d) whether Government is aware of the fact that there are about 4000 Irrigation wells in this area which become dry during summer season, and if proper stone bunds are constructed at appropriate places to collect, reserve and percolate the natural
